Domus Living basins are made by Domustone Pure®, a matte white solid surface homogeneous material in all its thickness and depth. Its velvety texture reminds natural stone, it is composed of a high percentage of natural minerals and bio-resins of vegetable origin, it is fireproof (class 1), UV resistant, hygienic, not harmful and easy to clean. The coloured finish is applied to the external surface of the bath (the surface not in direct contact with water).

All Domus Living products are made in Italy.
